

6929 N. Lakewood Avenue  
Tulsa, OK 74117

**PUBLIC NOTICE OF NETWORK CHANGE UNDER RULE 51.329(a)**

February 1, 2023

**Carrier:** Verizon New Jersey LLC, One Verizon Way, Basking Ridge, NJ 07920

**Contact:** For additional information on these planned network changes, please contact:

Lisa Thompson  
Global Data Network Engineering  
Verizon Wireline Network Operations  
13100 Columbia Pike, Floor 5 Room 505  
Silver Spring, MD 20904  
410-375-9777

John Dunne  
Senior Manager – Global Data Network Engineering  
Verizon Wireline Network Operations  
2147 Route 27  
Edison, NJ 08817  
732-593-4003

**Implementation Date:** On or after September 1, 2023

**Planned Network Change(s) will occur at the following locations in New Jersey:**

| Verizon Central Office        | Address   | CLLI        |
|-------------------------------|---|-------------|
| Seaside Park NJ DMS100 Switch | 1407 Grand Central Avenue<br>Lavallette, NJ 08752 | LVLTNJSPDS5 |
| New Brunswick NJ C20 Switch   | 18 Paterson Street<br>New Brunswick, NJ 08901     | NBWKNJNBPS2 |

This notice may also be viewed at <http://www.verizon.com/about/terms-conditions/network-disclosures>

PLEASE NOTE:

- All references to the Seaside Park NJ DMS100 switch are associated with CLLI code LVLTNJSPDS5 and will not be repeated throughout this notice.
- All references to the New Brunswick NJ C20 switch are associated with CLLI code NBWKNJNBPS2 and will not be repeated throughout this notice.

**Description of the Planned Network Change(s):**

The Verizon Seaside Park NJ DMS100 switch, located at 1407 Grand Central Avenue, Seaside Park, NJ 08752, will be retired and removed from the network after all traffic served by this switch is migrated to the Verizon New Brunswick NJ C20 switch, located at 18 Paterson Street, New Brunswick, NJ 08901. All traffic to be migrated includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC/IXC), wireless and paging traffic.

**Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):**

Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers and paging carriers will need to secure new trunk groups built to the New Brunswick NJ C20 switch or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the Seaside Park NJ DMS100 switch will be required to reposition the codes to the New Brunswick NJ C20 switch.

All ASRs for the New Brunswick NJ C20 switch must be received no later than July 17, 2023 to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the Seaside Park NJ DMS100 switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Seaside Park NJ DMS100 switch (**on or after September 1, 2023**). This will serve to guide interconnect re-routes of traffic for the three (3) native codes currently served by the Seaside Park NJ DMS100 switch to reflect the New Brunswick NJ C20 switch as the new home switch. All ASRs for the New Brunswick NJ C20 switch must carry the project code of **LVLTNJSPDS5**.
