

6929 N. Lakewood Avenue  
Tulsa, OK 74117

**SHORT TERM PUBLIC NOTICE UNDER RULE 51.333(a)**

September 20, 2023

**Carrier:** Verizon New England Inc., 6 Bowdoin Square, 9<sup>th</sup> Floor, Boston, MA 02114

**Contact:** For additional information on these planned network changes, please contact:

Marcia Chaffin  
Verizon Network Engineering  
385 Myles Standish Blvd.  
Taunton, MA 02780  
978-552-3638

Quadre Washington  
Manager – Global Engineering and System Performance  
Verizon Wireline Network Operations  
320 Saint Paul Pl  
Baltimore, MD 21202  
410-736-4261

**Implementation Date:** On or after March 9, 2024

**Planned Network Change(s) will occur at the following location(s) in Rhode Island:**

Verizon Central Office	Address	CLLI
PROVIDENCE RI CS2K SWITCH	234 Washington Street Providence, RI 02903	<b>PRVDRIWAPS0</b>
PROVIDENCE RI C20 SWITCH	234 Washington Street Providence, RI 02903	<b>PRVDRIWAPS1</b>

**This notice may also be viewed at <http://www.verizon.com/about/terms-conditions/network-disclosures>**

PLEASE NOTE:

- All references to the Providence RI CS2K switch are associated with CLLI code PRVDRIWAPS0 and will not be repeated throughout this notice.
- All references to the Providence RI C20 switch are associated with CLLI code PRVDRIWAPS1 and will not be repeated throughout this notice.

### **Description of the Planned Network Change(s):**

The Verizon Providence RI CS2K switch, located at 234 Washington Street, Providence, RI 02903, will be retired and removed from the network after all traffic served by this switch is migrated to the Verizon Providence RI C20 switch, located at 234 Washington Street, Providence, RI 02903. All traffic to be migrated includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC/IXC), wireless, and paging traffic.

### **Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):**

Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to secure new trunk groups built to the Providence RI C20 switch. Carriers that are code holders for access connectivity in the Providence RI CS2K switch will be required to reposition the codes to the Providence RI C20 switch.

All ASRs for the Providence RI C20 switch must be received no later than January 8, 2024 to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the Providence RI CS2K switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Providence RI CS2K switch (**on or after March 9, 2024**). This will serve to guide interconnect re-routes of traffic for the twenty-four (24) native codes currently served by the Providence RI CS2K switch to reflect the Providence RI C20 switch as the new home switch. All ASRs for the Providence RI C20 switch must carry the project code of **PRVDRIWAPS0**.
