Tulsa, OK 74117

PUBLIC NOTICE OF NETWORK CHANGE UNDER RULE 51.329(a)

June 21, 2024

Carrier: Verizon New York Inc., 140 West Street, New York, NY 10007

Contact: For additional information on these planned network changes, please contact:

Harvey Salzberg
Global Engineering and Operations
Verizon Wireline Network Operations
140 West Street, 5th Floor
New York, NY 10007
212-519-4852

Quadre Washington
Assoc Dir – Global Network Engineering and Operations
Verizon Wireline Network Operations West Main St., 2nd Floor
320 Saint Paul Pl.
Baltimore, MD 21202
410-736-4261

Implementation Date: On or after January 2, 2025

Planned Network Change(s) will occur at the following locations in New York:

Verizon Central Office	Address	CLLI
Mineola NY DMS Switch	60 Main Street Mineola, NY 11501	MINLNYMIDS0
Deerpark NY CS2k Switch	85 W. Second Street Deer Park, NY 11729	DRPKNYDPPS0

This notice may also be viewed at <http://www.verizon.com/about/terms-conditions/network-disclosures>

PLEASE NOTE:

- All references to the Mineola NY DMS switch are associated with CLLI code MINLMYMIDS0 and will not be repeated throughout this notice.
- All references to the Deerpark NY CS2k switch are associated with CLLI code DRPKNYDPPS0 and will not be repeated throughout this notice.

Description of the Planned Network Change(s):

The Verizon Mineola NY DMS switch, located at 60 Main Street, Mineola, NY 11501, will be retired and removed from the network after all traffic served by this switch is migrated to the Verizon Deerpark NY CS2k switch, located at 85 W. Second Street, Deer Park, NY 11729. All traffic to be migrated includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC/IXC), wireless, and paging traffic.

Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):

Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to secure new trunk groups built to the Deerpark NY CS2k switch or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the Mineola NY DMS switch will be required to reposition the codes to the Deerpark NY CS2k switch.

All ASRs for the Deerpark NY CS2k switch must be received no later than November 1, 2024, to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the Mineola NY DMS switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Mineola NY DMS switch (**on or after January 2, 2025**). This will serve to guide interconnect re-routes of traffic for the eleven (11) native codes currently served by the Mineola NY DMS switch to reflect the Deerpark NY CS2k switch as the new home switch. All ASRs for the Deerpark NY CS2k switch must carry the project code of MINLNYMIDS0.
