## **SHORT TERM PUBLIC NOTICE UNDER RULE 51.333(a)**

**September 23, 2024** 

Carrier: Verizon Maryland LLC, 1710 Underpass Way, Hagerstown, MD 21740

**Contact:** For additional information on these planned network changes, please contact:

Lisa M Thompson Global Engineering and System Performance Verizon Wireline Network Operations 13100 Columbia Pike Silver Spring, MD 20904 (410) 375-9777

Quadre Washington
Senior Manager – Global Engineering and System Performance
Verizon Wireline Network Operations
320 Saint Paul Place
Baltimore, MD 21202
(410) 736-4261

Implementation Date: On or after February 1, 2025

Planned Network Change(s) Will Occur at the Following Maryland Location(s):

Verizon Central Office	Address	CLLI
Reisterstown MD DMS100 Switch	45 Westminster Road	RSTWMDRSDS0
	Reisterstown, MD 21136	K9 I WIWIDK3D3U
Annapolis MD C20 Switch	9 Northwest Street	ANNPMDANPS1
	Annapolis, MD 21401	ANNPINDANPS'I

#### This notice may also be viewed at:

http://www.verizon.com/about/terms-conditions/network-disclosures

#### **PLEASE NOTE:**

- All references to the Reisterstown MD DMS100 switch are associated with CLLI code RSTWMDRSDS0 and will not be repeated throughout the notice.
- All references to the Annapolis MD C20 switch are associated with CLLI code ANNPMDANPS1 and will not be repeated throughout the notice.

### **Description of the Planned Network Change(s):**

The Verizon Reisterstown MD DMS100 switch, located at 45 Westminster Road, Reisterstown, MD 21136, will be retired and removed from the Verizon network after all traffic served by this switch is migrated to the Annapolis MD C20 switch, located at 9 Northwest Street, Annapolis, MD 21401. All traffic to be migrated to the Annapolis MD C20 switch includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC IXC), wireless and paging traffic.

# Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):

All carriers, including competitive local exchange carriers (CLECs), Interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers, will need to provision new trunk groups to support direct end office trunking to the Annapolis MD C20 switch or have existing trunk groups to that switch augmented.

All ASRs for the Annapolis MD C20 must be received no later than **November 19, 2024**, to provide sufficient time to migrate the traffic described above. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Reisterstown MD DMS100 switch (**on or after February 1, 2025**). This will serve to guide interconnect re-routes of traffic for the NPA codes currently served by the Reisterstown MD DMS100 switch to reflect the Annapolis MD C20 switch as the new home switch. All trunks to the Annapolis MD C20 switch must be in place prior to the decommissioning of the Reisterstown MD DMS100 switch. All ASRs for the Annapolis MD C20 switch must carry a project code of **RSTWMDRSDS0**.
