

6929 N. Lakewood Avenue  
Tulsa, OK 74117

**PUBLIC NOTICE OF NETWORK CHANGE UNDER RULE 51.329(a)**

November 1, 2024

**Carrier:** Verizon New Jersey Inc., One Verizon Way, Basking Ridge, NJ 07920

**Contact:** For additional information on these planned network changes, please contact:

Lisa Thompson  
Global Data Network Engineering  
Verizon Wireline Network Operations  
13100 Columbia Pike, Floor 5 Room 505  
Silver Spring, MD 20904  
410-375-9777

Michael Childs  
Associate Director  
Verizon Network Engineering  
5055 North Point Pkwy.  
Alpharetta, GA 30022  
469-497-4466

**Implementation Date:** On or after May 2, 2025

**Planned Network Change(s) will occur at the following locations in New Jersey:**

Verizon Central Office	Address	CLLI
Long Branch NJ DMS100 Switch	28 Third Avenue Long Branch, NJ 07740	LGBRNJLBDS5
New Brunswick NJ C20 Switch	18 Paterson Street New Brunswick, NJ 08901	NBWKNJNBPS2

**This notice may also be viewed at <http://www.verizon.com/about/terms-conditions/network-disclosures>**

PLEASE NOTE:

- All references to the Long Branch NJ DMS100 switch are associated with CLI code LGBRNJLBDS5 and will not be repeated throughout this notice.
- All references to the New Brunswick NJ C20 switch are associated with CLI code NBWKNJNBPS2 and will not be repeated throughout this notice.

**Description of the Planned Network Change(s):**

The Verizon Long Branch NJ DMS100 switch, located at 28 Third Avenue, Long Branch, NJ 07740, will be retired and removed from the network after all traffic served by this switch is migrated to the Verizon New Brunswick NJ C20 switch, located at 18 Paterson Street, New Brunswick, NJ 08901. All traffic to be migrated includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC/IXC), wireless, and paging traffic.

**Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):**

Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to secure new trunk groups built to the New Brunswick NJ C20 switch or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the Long Branch NJ DMS100 switch will be required to reposition the codes to the New Brunswick NJ C20 switch.

All ASRs for the New Brunswick NJ C20 switch must be received no later than March 23, 2025, to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the Long Branch NJ DMS100 switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Long Branch NJ DMS100 switch (**on or after May 2, 2025**). This will serve to guide interconnect re-routes of traffic for the eight (8) native codes currently served by the Long Branch NJ DMS100 switch to reflect the New Brunswick NJ C20 switch as the new home switch. All ASRs for the New Brunswick NJ C20 switch must carry the project code of **LGBRNJLBDS5**.
