Tulsa, OK 74117

PUBLIC NOTICE OF NETWORK CHANGE UNDER RULE 51.329(a)

November 1, 2024

Carrier: Verizon New York Inc., 140 West Street, New York, NY 10007

Contact: For additional information on these planned network changes, please contact:

Harvey Salzberg
Global Engineering and Operations
Verizon Wireline Network Operations
140 West Street, 5th Floor
New York, NY 10007
212-519-4852

Michael Childs
Associate Director
Verizon Network Engineering
5055 North Point Pkwy.
Alpharetta, GA 30022
469-497-4466

Implementation Date: On or after May 2, 2025

Planned Network Change(s) will occur at the following locations in New York:

Verizon Central Office	Address	CLLI
Suffern NY 5E Switch	174 Lafayette Avenue Suffern, NY 10901	SFRNNYSUDS0
Pleasantville NY DMS Switch	465 Marble Avenue Pleasantville, NY 10570	PSVLNYPVPSA

This notice may also be viewed at <http://www.verizon.com/about/terms-conditions/network-disclosures>

PLEASE NOTE:

- All references to the Suffern NY 5E switch are associated with CLI code SFRNNYSUDS0 and will not be repeated throughout this notice.
- All references to the Pleasantville NY DMS switch are associated with CLI code PSVLNYPVPSA and will not be repeated throughout this notice.

Description of the Planned Network Change(s):

The Verizon Suffern NY 5E switch, located at 174 Lafayette Avenue, Suffern, NY 10901, will be retired and removed from the network after all traffic served by this switch is migrated to the Verizon Pleasantville NY DMS switch, located at 465 Marble Avenue, Pleasantville, NY 10570. All traffic to be migrated includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC/IXC), wireless, and paging traffic.

Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):

Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to secure new trunk groups built to the Pleasantville NY DMS switch or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the Suffern NY 5E switch will be required to reposition the codes to the Pleasantville NY DMS switch.

All ASRs for the Pleasantville NY DMS switch must be received no later than March 1, 2025, to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the Suffern NY 5E switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Suffern NY 5E switch (**on or after May 2, 2025**). This will serve to guide interconnect re-routes of traffic for the four (4) native codes currently served by the Suffern NY 5E switch to reflect the Pleasantville NY DMS switch as the new home switch. All ASRs for the Pleasantville NY DMS switch must carry the project code of **SFRNNYSUDS0**.
