Movies Anywhere launches on Verizon Fios

Today, Verizon Fios and Movies Anywhere – the digital movie collection app - announced that Movies Anywhere is now available to Fios TV customers. Movies Anywhere is a free app that allows customers to seamlessly bring their eligible movie purchases together into a robust digital collection that can be accessed across multiple platforms and devices with just one password.

With Movies Anywhere, Fios TV customers with purchased movie titles from participating studios – including Sony Pictures Entertainment, The Walt Disney Studios (encompassing Disney, Pixar, Marvel Studios and Lucasfilm), Twentieth Century Fox, Universal Pictures and Warner Bros. Entertainment – will now be able to enjoy their movies with ultimate viewing flexibility.

In addition, movies purchased from other participating digital retailers like iTunes, Prime Video, Vudu/Walmart, Google Play/YouTube, Microsoft Movies & TV, and Fandango NOW will be available for playback through Verizon Fios.

How does it work?

- Visit verizon.com/moviesanywhere or MoviesAnywhere.com to sign up for a free Movies Anywhere account.
- Connect Fios and other participating digital retailer accounts.
- Eligible purchased and redeemed movies will appear on Movies Anywhere and on all synced accounts.
- To watch on Fios TV On Demand, go to “My Stuff.”
- Fios customers can continue to grow their library by purchasing [eligible movies on Fios On Demand](#) through their set-top-box, online, the Fios TV app or by selecting Verizon through the Movies Anywhere website or app for mobile and connected TV devices.

About Verizon

Verizon Communications Inc. (NYSE, Nasdaq: VZ), headquartered in New York City, generated revenues of \$130.9 billion in 2018. The company operates America’s most awarded wireless network and the nation’s premier all-fiber network, and delivers integrated solutions to businesses worldwide. With brands like Yahoo, TechCrunch and HuffPost, the company’s media group helps consumers stay informed and entertained, communicate and transact, while creating new ways

for advertisers and partners to connect. Verizon's corporate responsibility prioritizes the environmental, social and governance issues most relevant to its business and impact to society.

About Movies Anywhere

Movies Anywhere simplifies and enhances the digital movie collection and viewing experience by allowing consumers to access their favorite digital movies in one place when purchased or redeemed through participating digital retailers. Movies Anywhere brings together the movies from Sony Pictures Entertainment, Twentieth Century Fox Film, Universal Pictures (including DreamWorks and Illumination Entertainment), The Walt Disney Studios (including Disney, Pixar, Marvel Studios and Lucasfilm), and Warner Bros. Participating digital retailers are iTunes, Amazon Prime Video, Vudu/Walmart, Comcast Xfinity, Google Play/YouTube, Microsoft Movies & TV, FandangoNOW and Verizon Fios TV. Movies Anywhere offers a library of over 7,500 digital movies, including new releases, and will continue to expand the consumer experience as more content providers, digital retailers and platforms are added. Using the Movies Anywhere app and website, consumers can connect their Movies Anywhere account with participating digital retailers and enjoy their favorite digital movies from the comfort of their living room and across multiple devices and platforms, including Amazon Fire devices; Android devices and Android TV; Apple TV; Chromecast; iPhone, iPad and iPod touch; Roku® devices, Windows 10 and Xbox devices; and popular browsers. Consumers can also redeem digital codes found in eligible Blu-ray Disc™ and DVD packages from participating studios and enjoy them through Movies Anywhere.
