

# Transform and modernize your agency

With FedRAMP-Authorized Collaboration Solutions for Government from Verizon

## Unleash Collaboration and Unlock Productivity.

While citizen demands on government are increasing, many local, state and federal agencies lack the tools, technologies and applications they need to get the job done.

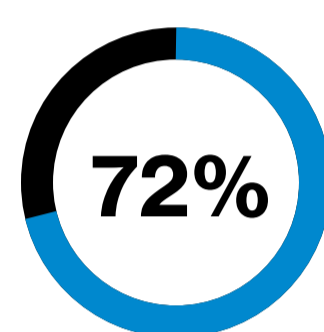

86% of teams say the use of connected work has increased significantly over the last 3 years.<sup>1</sup>

## Before Verizon UCCaaS for Government Employees had to:

### Work strictly from the office

No connection to files, data or people from any other location

72% say "effective team communication" has become more important over the past two years.<sup>2</sup>

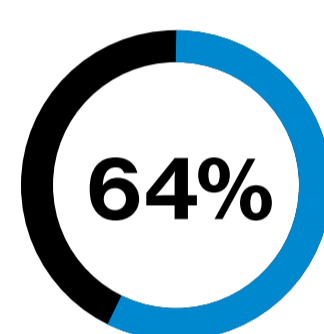

### Use agency-provided hardware

On-premise equipment

### Restrict collaboration to office hours

Work in silos outside of the office

64% report that collaboration with external parties has increased in importance.<sup>2</sup>

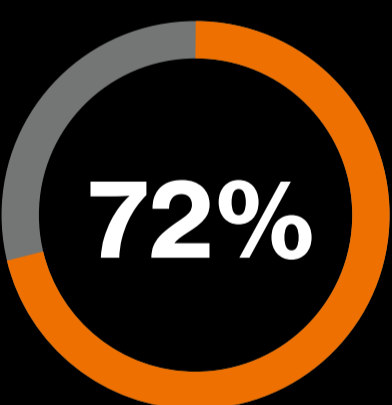

### Partner with colleagues inside the office only

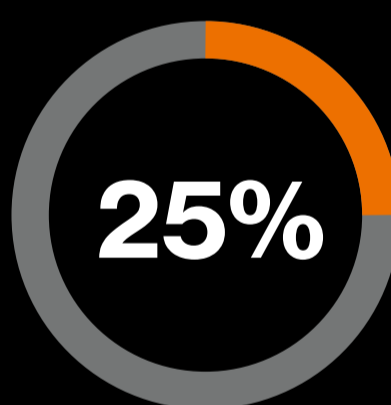

Even if colleagues in other locations have better expertise or skills

## With Verizon UCCaaS for Government

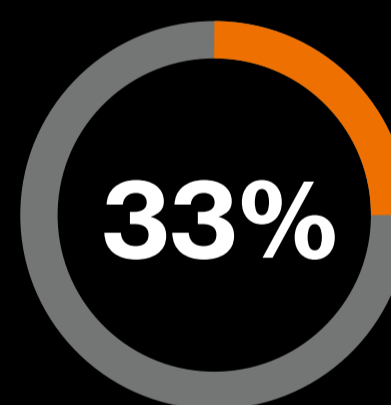

Top 3 drivers for deploying mobile/remote working capabilities:

72% Communication Insufficiencies<sup>3</sup>

25% Decreased Productivity<sup>3</sup>

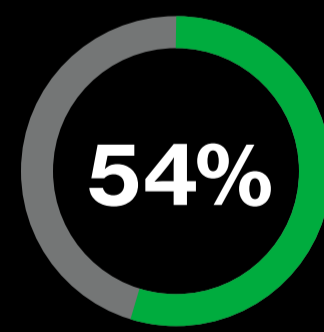

33% Lack the Right Software or Technology<sup>3</sup>

## Employees can now:

### Work remotely

with access to files, data and people

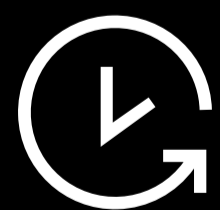

54% are investing in easier-to-use collaboration solutions.<sup>2</sup>

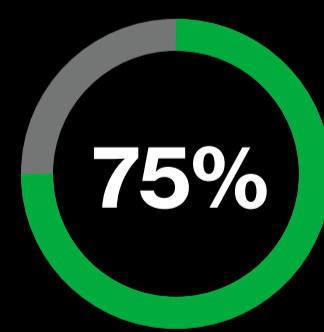

### Partner with the best people

regardless of location

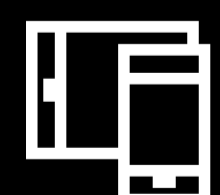

### Collaborate in real-time

from virtually anywhere at any time

75% of teams believe increasing mobile/work capabilities are a high/medium priority.<sup>1</sup>

### Use virtually any device
