- 1. The purpose of this modification to Contract GS00T07NSD0008 is to add the following language at Section B.6.5 to provide guidance for Telcordia SWC remappings as follows:**

When the coordinates of an NSC change, the SWC it is mapped to may change. As these changes occur to the mapping of NS Codes to SWCs, the Government will update Table B.6.5-9. The contractor will review Table B.6.5-9 on a monthly basis to update their Operational Support Systems (OSS) to reflect the new mapping. The new mapping will be effective on the first of the subsequent month and will apply to all new Service Orders and Service Orders in progress prior to the SOC notification. For example, NS Code A is mapped to SWC 1 with a last modified date of January 15, 2005. Due to the update NS Code A is now mapped to SWC 2 with a last modified date of February 15, 2008. For February, 2008, the NS Code A is mapped to SWC 1, but as of March 1, 2008, the mapping of NS Code A to SWC 2 is in effect; this change will be applied to rates returned on a Service Order SOC issued after March 1, 2008. SWC 1 mapping will remain in effect for all Service Orders with a SOC date prior to March 1, 2008. As a result the Government recognizes the potential for an invoice to reflect different rates for the same services at a single NSC based on the SWC mapping for each Service Order on the date of the SOC and it shall not be the basis of a billing dispute.

In addition to these changes, the Government will also be performing a quarterly review and update of all NSC to SWC mappings in the beginning of February, May, August, and November. The Government will then post this update to the NHC. The update will change Table B.6.5-9 and result in the addition of new records showing the new last modified date. The contractor will update their respective Operational Support Systems in order to reflect the new mappings effective on the 1st of March, June, September, and December through the monthly updates These shall be applied in the same manner as described in the previous paragraph.

- 2. All other terms and conditions of the contract remain unchanged.**
- 3. The estimated dollar value of the contract remains unchanged.**
