

Verizon Enterprise Solutions – services for disabled end-users

1. Introduction

Verizon is the global IT solutions partner to business and government. As part of Verizon Communications – a company with nearly \$131 billion in annual revenue – Verizon serves 98 per cent of the Fortune 500. Verizon caters to large and medium business and government agencies and is connecting systems, machines, ideas and people around the world for altogether better outcomes.

2. Services for disabled end-users

In the UK Verizon Enterprise Solutions provides a comprehensive portfolio of voice, data and internet services, and in addition takes all measures needed to meet the needs of users with disabilities as may be specified in relevant regulation.

To discuss the options available to meet the needs of users with disabilities, including services available and pricing, please contact us using the following details:
