Any work to be done by Verizon or its partners outside the scope of this SOW and Engagement Letter will need to be contracted separately. Each Engagement Letter will include up to a total of 30 minutes outside of the DAS-CX Consulting Hours for Verizon to review, assess, complete Verizon's sections of the Engagement Letter, determine effort and return it to Customer for approval. Time spent over 30 minutes due to missing information, questions regarding request, calls to finalize requirements, and such, will be performed using DAS-CX Consulting Hours.
- 2.4.3 **Approved Engagement Letter.** Verizon will provide the completed Engagement Letter with the agreed upon Engagement Scope to Customer for approval. Work under the Engagement Letter will not commence until the Engagement Letter is approved by Customer. The approved Engagement Letter will become part of this SOW and the Agreement. If more DAS-CX Consulting Hours than expected are needed under an Engagement Letter, Verizon will notify Customer and proceed with delivery using the remaining DAS-CX Consulting Hours. Any other changes to the Engagement Scope of an approved Engagement Letter will require a replacement approved Engagement Letter.
- 2.4.4 **Engagement Letter Initiation.** For each approved Engagement Letter, Verizon will initiate a meeting with Customer to discuss and review the Engagement Scope, set timelines, and identify the Customer materials necessary for Verizon to perform under the Engagement Letter.

3. **CUSTOMER OBLIGATIONS.** Customer will:
